Dear Mayor Abramowitz:

We reviewed a request dated February 3, 1997, from Mr. Richard H. Smith, P.L.S. with Craig A. Smith & Associates for a Letter of Map Revision. All information required for this request was received on February 13, 1997. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we determined portions of the property described below are located in the Special Flood Hazard Area (SFHA), the area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood); however, the structures on the property are not in the SFHA. This property was elevated by the placement of fill.

Property Description:

Lots 534-548 (Buildings 21-23), Plum Harbor, being part of Parcel A, Land Section 8, recorded in Plat Book 154, Page 48, Sheets 1 and 2, filed in the Public Records of Broward County, Florida

Street Address:

5591, 5593, 5595, 5597, 5599, 6012, 6010, 6008, 6006, and 6004 Plum Place; 6003, 6005, 6007, 6009, and 6011 North Golden Beauty Lane

This letter revises the above-referenced NFIP map to remove the structures from the SFHA. The structures are now located in Zone X (unshaded), an area above the 0.2-percent-annual-chance flood level. Flood insurance coverage for the structures may be available under a low-cost policy (see enclosed document). Because portions of the property remain in the SFHA, any future construction or substantial improvement on the property remains subject to Federal, State, and local regulations for floodplain management.
